

About Trikah

OVERVIEW

At **Trikah**, we don't just design buildings we design better ways of living. Rooted in sustainability and cultural relevance, we are a new-generation design and lifestyle firm transforming spaces into ecosystems for well-being, resilience, and timeless elegance.

Our approach blends **eco-sensitive architecture**, **biophilic interiors**, and **low-carbon construction** with future-ready technology and vernacular wisdom. Trikah reimagines how people interact with space whether homes, workplaces, or landscapes with a focus on human comfort, environmental harmony, and conscious living.

From concept to construction, we offer comprehensive architectural and design services across India, with a growing global vision. At Trikah, our mission is simple yet profound: **"Shape Your Reality."**

RECENT HIGHLIGHTS

- Conceptualized and launched 100% low-carbon villa design pilot
- Published "Living Earth," a biophilic design insights report
- Recognized by local sustainability forums for eco-conscious innovation
- Established presence in sustainable architecture education initiatives

FOUNDER'S NOTE

"We are here to build a movement — not just projects. Every brick should echo the story of nature, people, and purpose."

— Yeseswi Nandula, Founder, Trikah

LOCATIONS

India

- Hyderabad (*Headquarters*)
- Amaravati
- Bengaluru

Global Outlook

- Future studio planning in the UAE, Australia & the US
- Collaboration-ready for remote design and consulting worldwide

EXPERTISE

Architecture & Design

- Sustainable Architecture
- Landscape Architecture
- Interior Architecture
- Vernacular & Climate-Responsive Design

Construction & Engineering

- Prefab & Eco Construction
- Structural & Civil Systems
- Smart IoT Integration
- Energy Efficiency & Passive Design

Sustainable Lifestyle

- Biophilic Design
- Low-Carbon Living Solutions
- Eco-Retreat Design
- Conscious Retail Interiors

R&D + Innovation

- Earth-based Materials
- AI in Design
- Circular Design Methodologies
- Smart Urban Living Models

- Boutique service with global design intent
- Transparent processes and milestone-based delivery

INCLUSION & CULTURE

Trikah thrives on a **design-first, ego-free culture** that values curiosity, context, and collaboration. Our lean, agile team works hand-in-hand with artisans, engineers, digital strategists, and sustainability experts to craft meaningful outcomes.

Our work culture champions inclusion — of ideas, people, nature, and purpose.

REVENUE & GROWTH

As a growing studio, Trikah operates with a **project-based model** focused on quality over quantity. Our goal is not just financial growth, but **ecological impact and social value**.

THE TRIKAH DIFFERENCE

- Integrated design + build model
- Focus on nature-driven, cost-conscious solutions
- Deep cultural & regional relevance
